

# Arval Bike Lease

Diversify your company's mobility policy and enjoy the many benefits of corporate bike leasing

**ARVAL BIKE LEASE** offers a comprehensive solution for customers looking for alternative mobility solutions and who would like to provide company bicycles to their employees.

## OUR SOLUTION

### Which services are included ?

- Bicycles' funding & interest
- A flexible maintenance contract according to the needs of your employees and executed by professionals
- An all risk coverage against damage, theft and vandalism with cost born by Arval via a fixed own risk based on the bike's value
- An assistance within 45 minutes in case of troubles with the bike on the road

## YOUR BENEFITS

### For your company

#### Less taxes

The costs are 100% tax deductible as bikes are CO2 neutral

#### Corporate Social Responsibility

Offering bicycles to employees reduces your company's environmental footprint

#### Healthier employees

Regular cycling has many advantages and is a good way to reduce the risk of health problems

#### Easy and convenient

1 invoice for all leased bicycles, as for leasing vehicles

### For your employees

#### No or lower benefits in kind

An employee opting for a bicycle will pay no or lower charges for benefits in kind

#### Less time in congested traffic

Depending on the location of your company, cycling to work can substantially reduce the time spent in congested traffic

#### Less stress

Company car drivers living in big cities lose a lot of time in traffic and looking for a parking space every day, which results in stressful situations
