and 60 months) and annual mileage and includes: maintenance, repairs, unlimited summer tyres in case of normal use/wear and tear (winter tyres: optional), registration tax (TMC), road tax, depreciation and interest, European assistance service, a replacement vehicle in case of immobilisation of more than 24 hours, Perfecta service (Arval Belgium SA covers the risk of damage to the vehicle, total loss or theft) with own risk (lump sum) to be paid by the renter and insurance\*\*.

Not included in the monthly rent: energy and/or fuel costs and traffic fines. The CO2 levels are also indicative and depend on the options chosen and/or the data provided by the manufacturer. At the end of the rental agreement, a mileage statement will take place at the last contractually agreed price. Prepayment is not a "guarantee" or a "deposit". In the event of early termination of the rental agreement, this prepayment will not be refunded, except in certain cases specified in the prepayment conditions.

The estimated delivery time of the vehicle depends on its availability from the manufacturer and/or importer and/or the equipment and/or configuration chosen.
